Kevin Guse
Membership Committee Chair
Parasec
Sacramento, CA

Services provided by company: Parasec provides a wide array of services nationwide and internationally. Our offerings include registered agent services, entity formations, document retrievals, corporate kits, UCC filings and searches, apostilles and legalizations, translations and interpretations, real property filings and searches, business license services, springing member and independent director services, and county and court services.

How long I've been doing this job: This is my first year on the board of directors, although I have served on various committees over the past several years.

Professional/work background: I have worked at Parasec for 21 years in the registered agent, UCC/Title and Correspondent Relations departments.

The best part about my job is my daily interactions with correspondents, clients and colleagues. In short, it's all about the people.

The most challenging thing about my job is adapting to different behavioral styles in order to make sure that I am maximizing the effectiveness of my communication.

I am most proud of the correspondent network that I have helped to build and maintain over the years.

I have never been to Disneyland.

I admire teachers for their selfless dedication to education.

My advice to others is live life to the fullest, with no regrets.

I am a member of the NPRRA because of the educational and networking opportunities the association provides and the relationship we have with its members.

My advice to new members is attend the annual conference and be involved.

My favorite…

Place to visit: South Texas because I love the climate and wildlife of the Rio Grande Valley.

Quote: "God is first, others are second, and I am third." by Gale Sayers.

Book: Gorillas in the Mist by Dian Fossey.

Movie: Sound of Music

NPRRA conference location and/or memory: Nashville Famous Saloon's venue of great music, great food, great location and great networking connections. Did I mention great?
